

LoTW, eQSL und andere Akronyme

...oder doch einfach nur `ne QSL-Karte?

Der klassische Weg!

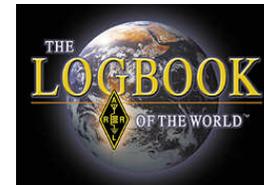

1. Station arbeiten
2. QSL-Weg herausfinden (Manager?)
3. Entscheiden: Direkt (\$\$) oder Büro (Warten)?

Alternativen?

- LoTW (ARRL)

- eQSL (D. Morris, N5UP)

- DCL (DARC)

LoTW

Logbook of The World

Was ist das?

Wer?

Seit wann?

LoTW

Super, wie mache ich mit?

- 1.) **TSQL-Software** herunterladen (für: Unterschreiben des Logbuchs)
- 2.) **Zertifikatsanfrage** erstellen (per E-Mail an die ARRL schicken)
- 3.) Per Briefpost **Personalausweiskopie** und **Lizenz** in die USA schicken

Abwarten -> E-Mail mit **Zertifikat** kommt!

Los geht's!

Here is your LoTW certificate for DJ4PK

You may be able to install this certificate by double-clicking on the attachment icon. If that isn't possible or doesn't work, save the attached file to disk and then use the TQSLCert program's "Load Certificate File" menu command to install this certificate into your system.

NOTE: If the attachment failed to arrive with this message, you can just log on to the Web site noted below using the provided username and password and download the certificate file directly.

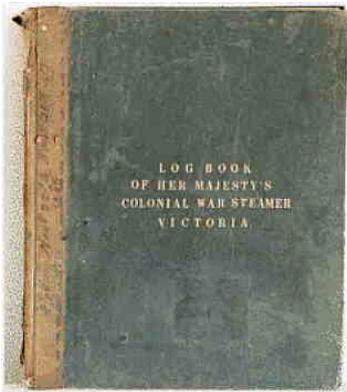

Records submitted using this certificate can be accessed on the Web using:

username: dj4pk
password: XXXXXXXXXX
at <https://www.arrl.org/lotw/>

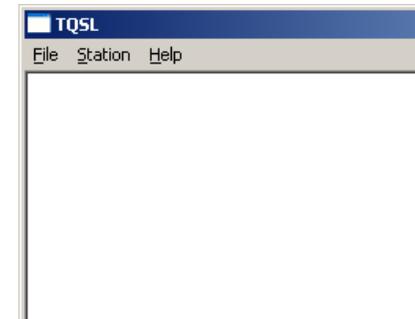

NOTE! This is NOT the same password the TQSL program asks for when you're signing a file!
